Smooth as the skin of the infant it is NOT intended to irritate—strong and substantial to withstand the shocks of every day life with the children—elegant and carefully finished as the most particular woman would at all expect unless she made it every stitch by hand.

By all means—Carter's Underwear

### "You cannot glide into prosperity"

Prosperity is made up of successful steps—ability, reliability and action. Your ability to earn should be developed to the fullest extent; your reliability to conserve your earnings and make the best use of them should be followed by the act of placing them where they can be of profit to you. An Interest Account in this National Bank provides an absolutely safe place for your earnings. Any fish can float down stream but it takes a good one to swim against the current.
